MURDER POINT OYSTERS 100 ct
\$96.95

“Murder Point Oyster Co is a family owned business committed to bringing you the best oysters Love can craft. For the last five generations we have made a living working the natural resources of the Gulf of Mexico. From catching shrimp or fish to raising Love crafted oysters our experience on the water allows us to be the best at what we do. Now we get to share that passion with you.

Murder Points are exclusively grown in the waters of the Gulf of Mexico using a long line method developed in Australia. Our oysters are spawned from the species *Crassostrea virginica*, also known as the Eastern/American oyster. Murder Point Oysters thrive in the unique conditions off Alabama’s coastline, which produces a full, rich, creamy taste with a light metallic finish and a drop of butter flavor in each one. There are many elements that can affect an oyster’s outcome, but here at Murder Point we know the most important element is Love. #butterlove

#10696
Albacore Tuna Loin “TOMBO” SKNLS/BNLS
\$12.79 lb

“Tombo” means dragonfly in Japanese and refers to the very long pectoral fins of the albacore that can equal as much as 30% of the total length. Depending on size, its flesh ranges from whitish-pink to deep pink in color. It's the lightest and mildest in flavor of all Hawaii's tunas

Albacore tuna, a.k.a. tombo, is the lightest and mildest of the tuna species our boats encounter. The albacore we catch in Hawaiian waters are unique in that they tend to be larger and higher in fat/oil content than those caught off the U.S. west coast or in the South Pacific
